The Policy on Employment of Relatives

When relatives work at the University, it is important to exercise caution to avoid potential conflicts of interest.

The Policy on Employment and Contracting for Service of Relatives provides guidance on managing situations in a way that mitigates any perception of preferential treatment, as well as violations of the State Code of Ethics.

As a reminder, UConn and UConn Health employees may not be the direct supervisor of or take any action which would affect the financial interests of one’s relative. View the full policy for additional guidance.

For purposes of this policy, relative is defined as: spouse, child, step-child, child’s spouse, parent, brother, sister, brother-in-law, sister-in-law, dependent relative or a relative domiciled in the employee’s household.
