Are you aware that UConn has an Age Act Committee?

This committee is responsible for ensuring compliance with the Age Discrimination Act of 1975, pursuant to the University of Connecticut Age Act Committee: Policy and Procedures.

What You Need to Know

Any University employee may raise concerns with the Committee regarding a student’s access to or participation in a University program, service or activity based on the student’s age.

When such a concern is submitted to the Committee, the Committee gathers facts, deliberates and issues a decision regarding the student’s access to or participation in the University program.

Find More Information
