

2022 COMPLIANCE AND ETHICS TRAINING REMINDER FOR MANAGERS AND SUPERVISORS

All UConn and UConn Health employees are required to complete the University's Compliance and Ethics Training on an annual basis. The purpose of the training is to ensure all faculty and staff have an understanding of their role and responsibility as it relates to institutional policies as well as the various state and federal laws governing the University's day-to-day operations. Ensuring compliance is both an individual and collective responsibility - thank you for doing your part!

All employees are required to complete the training by Friday, May 27, 2022.

The deadline is fast approaching and we need your help to ensure compliance.

What are benefits of compliance and ethics training?

Some ways managers and supervisors can support compliance training efforts:

When employees perceive their managers as being invested in compliant and ethical conduct, they are more apt to demonstrate behavior that is in line with the standards and expectation of the organization.

Communicate your expectations for staff to complete the training

Discuss information and scenarios from the training with your employees

Request employees submit their training completion certificate

Encourage staff to ask questions derived from the training

Ways employees can complete the training:

[Complete it via the Saba Online System](#)
